National Pledge

India is my country
All Indians are my brothers and sisters.
I love my country,
and I am proud of its rich and varied heritage.
I shall always strive
to be worthy of it.
I shall give respect to my parents, teachers, and all elders.
and treat everyone with courtesy.
To my country and my people,
I pledge my devotion.
In their wellbeing and prosperity alone, lies my happiness
Jai Hind!

ప్రతిజ్ఞ

భారతదేశం నా మాతృభూమి. భారతీయులందరూ నా సహోదరులు.

నేను నా దేశాన్ని ప్రేమిస్తున్నాను. సుసంపన్నమైన, బహువిధమైన నా దేశ వారసత్వ సంపద నాకు గర్వకారణం. దీనికి అర్హత పొందడానికి సర్వదా నేను కృషి చేస్తాను.

నా తల్లిదండ్రుల్ని, ఉపాధ్యాయుల్ని, పెద్దలందర్ని గౌరవిస్తాను. ప్రతివారితోను మర్యాదగా నడుచుకొంటాను. జంతువులపట్ల దయతో ఉంటాను.

నా దేశంపట్ల, నా ప్రజలపట్ల సేవానిరతితో ఉంటానని ప్రతిజ్ఞ చేస్తున్నాను.

వారి శ్రేయోభివృద్ధులే నా ఆనందానికి మూలం.

1. Institutional Distinctiveness

All the Riches in the World Do Not Match the Wealth of Education

1. The main aim of this institution is to provide free and quality education to the rural talented students. Ancient Gurukul system is followed in the institute where there is close affectionate bond between students and teachers.

2. Institute gives admissions to the students belonging to the two States of Andhra Pradesh and Telangana on merit basis through an entrance test.

3. Institution is established to cater to the needs of rural talented students. Institution provides completely free education for 3 years with free boarding and accommodation facility. The institution is located near the banks of River Krishna. It is located in a pleasant and peaceful environment. The college premises is full of greenery. The peaceful environment encourages the students to concentrate on their studies. This environment also helps the students to achieve the desired results in their courses.

4. Another Distinctive feature of the institution is 24/7 availability of staff to the students because all reside in the head quarters. Additional coaching is given to students beyond the class hours i.e., in the Supervised Study. Loco-parent maintains a record of bio-data of their Loco-ward. This helps the Loco-parent to mentor their Loco-wards keeping their interests in view as in the bio data. They are at liberty to discuss personal issues also with Loco-parents. This makes students feel secure and safe in the hands of staff even though they are far away from their parents and students feel hostel as the home away from home. Phone numbers of all the parents are given to Loco-parents and Loco-parent phone number is also given to parents. This helps a lot to check the welfare and progress of the student by both parent and Loco-parent.

5. Supervised Study is a daily activity in the institution. After the completion of Evening Assembly students sit in their respective classrooms upto 7.30 pm under the supervision of the staff members. Students can approach the staff for clarification of doubts. We conduct mock tests well in advance for the PG entrance examinations to various universities and the students have a continuous rapport with alumni. Alumni plays a vital role in extending their help to the students in all aspects – Career Guidance, financial support.

   The Ancient Gurukul System helps the students to achieve all-round development.

All institutional activities and programmes are geared towards the high performance of the students. To mould the students as socially responsible citizens with patriotic spirit combined with international outlook.

2. Best Practice-1

Constant mentoring and support to students for high performance

This objective is achieved through constant mentoring of students by teachers, senior students, alumni and eminent persons in various fields through Popular Lecture Programmes. The faculty and alumni of the institution always encourage the students to set higher goals by following the Principal **"not failure, but low aim is crime".** Constant mentoring system is much helpful in achieving the high performance, as the students can informally interact with staff beyond the class hours.

- ✓ For constant mentoring the Loco Parent System exists in the institution.

This is the unique feature of this institution since its inception. 20 students are allotted to each faculty. The teacher who is taking responsibility of students is called as "Loco-parent", and students are called as "Loco-wards". The Loco-parent extends parent like care for each of his/her Loco-ward. They are always in touch with their Loco-wards and enquire about the welfare. This starts in the first year and is continued till the completion of their course. This increases the affection between Loco-wards and Loco-parent. The Loco-wards have the freedom to speak freely with loco parent regarding career or any personal problem. Loco-parent also interacts with parents of students to discuss the progress in academics and behavior of student in the college campus.

Since the students are away from their parents, Loco-parent tries to keep them away from the nostalgia. This is one of the best initiatives where the students can get parent like care from their teacher. This is the unique feature of the institution and students also feel secure and safe with their loco parent. An endearing environment is created between Loco- ward and Loco-parent.

The loco-wards are under the supervision of the loco-parent. Any issue can be discussed in an amicable manner with the loco parent, issues like ragging, health, financial and other family problems are also taken care of by the loco-parent. This rapport makes the Loco-parent a real mentor. The Loco-parent resolves the issues faced the by the Loco- ward with the help of the Principal.

This system helps in maintaining harmony among students and staff. Maintaining harmony among students and staff for the long term is important. The Loco Parent is always behind

the success of his/her Loco-wards.

For achieving high performance:

- ✓ There is a **Separate Hostel Library** which allows the students to refer the books during other than the working hours of the college. All the books for competitive examinations and PG entrance examinations are available in the hostel library. In addition to this, college has Departmental Libraries to enhance the knowledge in subject concerned by providing books of reputed authors. Regular purchase of books for the library based on student and faculty demand also helps.

- ✓ A **Computer Lab is attached to the Hostel library** in which all computers have internet facility. Students can utilize the internet facility to refer journals and latest updates in concerned subject.

- ✓ For **curriculum enrichment**, faculty designed syllabus according to PG entrance syllabus. In addition to regular classes, faculty teaches entrance examination syllabus also in the classrooms. Mock entrance examinations are conducted in the institution for those students who are preparing for PG entrance.

- ✓ **Popular Lecture Programmes** are arranged to provide general awareness about society, career guidance, latest developments in subject area, creativity, scientific temper and leadership qualities. Institute also arranges classes for students to clarify their doubts in career guidance.

- ✓ **Supervised Study** is conducted daily in the evening from 6.30-7.30 pm. Under the supervision of faculty these study hours are conducted, all the students sit in their respective classrooms and study under the supervision of faculty. This helps the students to revise the concepts covered in the instructional hours.
- ✓ **PG entrance mock tests** are conducted in the college. Special focus on slow learners by taking **remedial classes** and encouraging the advanced learners to register for certificate courses and to obtain certificates.

- ✓ **Interactive method** is followed in the classroom to make teaching more student centric. Experiment-based and Experiential learning is in practice - by arranging student seminars, conducting regular practical classes in the departments of Physics, Chemistry and Computer Science subjects and field trips for other subjects. Students are encouraged to give Power Power Point Presentations in the classroom.

- ✓ Institute also encourages those students who achieve high performance in

academics by giving prizes and cash awards by both Alumni and Teaching Staff.

- ✓ To achieve good academic record, a continuous and comprehensive assessment takes place by conducting slip tests, monthly tests and Pre- final examinations.

Best Practice-2

All-round development of students

Development of leadership qualities, organizational ability, team spirit, subject knowledge, intellectual and presentation skills, self confidence, better body language, punctuality, sense of responsibility towards the Parents, Institution, Society, Nation and, the world.

1. Integration of Student Forum in college activities and hostel administration:
   - ✓ **Student Forum:** A Student Forum is constituted in the institution to develop leadership qualities among the students. Elections are conducted to select the student forum members. This forum is constituted with five Secretaries and five Deputy Secretaries. The Student Forum is responsible for organizing the events at institution level, representing the hostel related problems to the Principal and Deputy Warden, conducting cultural activities, health supervision among the students etc.
   - ✓ Active involvement of student forum in academic activities and hostel maintenance improves the skills in organizing the various events effectively. Integration of student forum in the academic activities improves the ability to resolve the problems raised while organizing the events in real time and helps in the smooth running of the institution.

2. **Students organize quiz competitions** among themselves in addition to the activities conducted by the institution in connection with National festivals, Mathematics Day, Science day etc. Self government day is conducted on the occasion of Teacher's Day with the students playing the role of teachers. All the activities on that day are completely organized by the students only.

3. **Discipline, Patriotism and Social Service through NCC and NSS:** improves the spirit of unity and courage, confidence, self reliance, patriotism among cadets. "Cashless Rally", collecting donations for "Blind Association". Their services were appreciated by the Chief Minister of Andhra Pradesh for their contribution in the Krishna Pushkaralu for Safe Guarding the public, serving old people, traffic control, etc.

4. **Active participation in co-curricular activities:** Students participate in activities like quiz, seminars, essay writing, elocution etc. organized in connection with National Festivals, Teachers Day and Annual Day. Students are encouraged to participate in activities like National Level Competitions organized by different institutions, these activities include Oral Presentation, Poster Presentation, Essay writing, Role Play, Exhibit Your Model, Just a Minute(JAM) sessions etc. Students also participate in other programs like "Consumer Day" Celebrations.

5. **Sports and Games:** Students actively participate in institute level, university level, state level, national level sports and games competitions. Students won national prizes in games and sports.

6. Singing of National song and National Anthem, taking of Pledge is a daily practice in the college at the time of Morning and Evening Assembly. Celebration of Scientifically important days like birthday of Ramanujan, Jagadeesh Chandra Bose and other important days is a regular practice in the institution.

7. Most of the **National and International** important days are celebrated in the college with a motto to bring the awareness among all the students and public.

8. **Club activities** are regularly conducted in the departments to inculcate the habit of organizing the events both curricular and co-curricular.

9. **Promoting Cultural Legacy:** To promote the cultural legacy of the country the students are encouraged to participate in cultural activities organized by the institution and the cultural activities are helpful to extract the hidden talent from the students. It will nurture their talents and encourage them as professionals.

3. Origin & Growth of College

The traditional 'GURUKUL' style of education, in which both the teacher and taught lived together under the same roof, is now translated into the modern residential institution. The Residential Institutions (Schools, Junior Colleges, and one Degree College) are aimed at imparting quality, value based education to the bright, aspiring, especially rural/socially deprived students of all the three regions of the State of Andhra Pradesh, thanks to the vision and forethought of the then chief minister Sri P. V. Narasimha Rao and administrators like Sri M. V. Rajagopal, IAS (Retd.).

The stupendous success of these institutions encouraged the government to start the A.P. Residential Degree College in September, 1982. Vide G.O.Ms.No.762, Education dated 02-09-1982, The college is run by A. P. Residential Educational Institutions Society (Regd.) (A.P.R.E.I.S), an autonomous body constituted by Government of Andhra Pradesh to run Residential Educational Institutions in the state free from "the cumbersome procedures and time consuming rules". The grants are provided by state Government by sanctioning the required budget to the Society. The Chairman is Minister for Education and Vice Chairman is Principal Secretary, Education Department, Government of Andhra Pradesh and the Secretary, a full-time officer in the cadre of Additional Director of School Education. For starting the college, the local N.S.P. authorities gave the main building along with one shed and the dining hall, four sheds and a half were later added to serve as dormitories for the boys in the year 1987. Society had constructed the new hostel. The college has been serving the student's community of the entire Andhra Pradesh and Telangana especially the rural/socially deprived for the past 39Years. Students of this institution are selected on the basis of merit obtained in the State Wide Entrance Test which is being conducted by APREI Society every year in the month of May by allotting adequate number of examination centers in all district head quarters in the two states of Andhra Pradesh and Telangana.

The college and the hostels are situated in the centre of Vijayapuri South. The College is fully residential and providing free boarding and lodging facilities in addition to free education for the entire graduation course. The Institution was started with a view to cater the needs of the talented boys in the state. The emphasis is on providing quality education to the rural talented boys from the economically disadvantageous families with socio-economic and cultural handicaps, by creating suitable environment. Besides class-room lectures, effort is made to involve the students in group discussions and seminars they are made to write assignments in subjects and are provided with better reading room facilities. The Residential Degree College aims at not only qualitative academic instruction but also total development of the students. The time table makes provision for physical exercises and games besides academic activities.

4. The APREI Society

It was established in the year 1972 by the Government of Andhra Pradesh, under the Societies Registration act of A.P (**APREIS**). **APREIS** is an autonomous body with fully funded by Govt. of A.P for the development of A.P. Residential System of Education.

APREI Society was established in 1972 to provide Quality Education to rural talented children up to Secondary Education and later extended to Degree Level. After bifurcation of the state of Andhra Pradesh, APREIS is managing 50 Schools, 10 Junior Colleges and 01 Degree College. During 1972 initially started with 03 schools at Sarvail (Nalgonda District in Erstwhile AP), Thadikonda (Guntur District), Kodigenahalli (Ananthapuram District), and subsequently number of Schools were increased.

The performances of the schools were exemplary and Government started a Junior College at Nagarjuna Sagar in 1975 to provide Quality Education at +2 levels. Later to provide Quality education to the tribal students it has started Residential Junior Colleges for tribal students. It is also maintained quality food by providing the best Menu. To monitor the daily Menu, quality and standard of the food, APREIS ANNAPURNA.

5. About college

The college is situated on the banks of Nagarjuna Sagar Dam, Guntur. Andhra Pradesh. The students of this institution over the years excelled in higher education and occupied high profile positions in public and private sectors. Among them, there are 25 academicians teaching in prestigious universities such as JNU, IISC and other central universities; dozens of civil servants at the rank of secretaries, commissioners and DGPs; around hundred charted accountants and hundreds of software engineers working in INFOSYS, MICRO SOFT and other MNCs. Every year dozens of students would join in premier academic institutions including Azim Premji University for higher education. This excellent track record of the college might make you think that it draws its students from privileged group with social and cultural background. If that is the case then this college would not have been unique.

The college accommodates 456 students from the most marginalized social and economic background from Andhra Pradesh and Telangana. While anybody can compete for a seat here, it is only the poorest ultimately who joined here.

We sincerely thank Hon'ble Chief Minister, Sri Y.S Jagan Mohan Reddy garu, District Collector, Sri I.Samul Anand Kumar garu, IAS, Guntur, and the Joint Collector Sri Imtiaz garu, Guntur for allotting Government Land on lease basis for 99 years @ Rs.1/- per acre per year in favor of the School Education Department for

construction of College Buildings, Play Ground and Staff quarters for A.P. Residential Degree College, Nagarjuna Sagar.

Our heartfelt thanks to Hon'ble Minister of Roads & Buildings, Government of A.P, Sri M.Shankar Narayana garu, Sri V. Ram Manohar Rao, Special Secretary to Government of A.P, Municipal Administration &Urban Development, for their efforts for the allotment of the land.

11. ACADEMIC INFORMATION

The academic year consists of two semesters. The curriculum is spread over three years. The duration of a semester is approximately 16-18 weeks, each consisting of six working days with a day order schedule having six hours per day.

In the academic year 2016-17, the college introduced the Choice-Based Credit System (CBCS). All degree students are expected to earn a minimum of 135 Credits for the completion of the under graduate course. Students are also encouraged to get certificates by involving themselves in NSS/NCC/SPORTS &GAMES.

The third semester students, besides undergoing the regular curriculum, also choose one Generic Elective across all the streams. These courses are career-oriented and which will make them more employable after completing their respective Degree Course.

In order to make the students research-oriented, all the final year students are to undertake a Project Work and submit their Dissertation as well as take a Viva Voce. All these components of the Degree Curriculum under the CBCS have to be completed before one gets one's Under graduate Degree.

12. Student Fee Particulars

The A. P. Residential Degree College was started in the year 1982 in Vijayapuri South, Nagarjuna Sagar, Guntur district under the management of A. P. Residential Education Institutions Society. The college has been serving the rural poor and talented students of Andhra and Telangana states for the last 38 years. The students of this institution are selected on the basis of merit through a state wide entrance Test. This is only one Degree college in Andhra and Telangana States. Most of the students are from poor background. So we are collecting Special fee and maintenance fee as per the guidelines of University concerned and APREI Society. The details are given below in a table the particulars of fee paid by the students for three years. The college doesn't collect any other fees from the students. The main motto of the college is to provide good education with free of cost.

18. NATIONAL SERVICE SCHEME (NSS)

NSS unit of AP Residential Degree College has been functioning since the inception of the college i.e. is 1982 under the aegis of Acharya Nagarjuna University. At present our college has one unit. There are 100 volunteers in NSS unit with one program officer, namely Dr. Sk. Mohammad Basha, Lecturer in English. Apart from regular activities, special camps are conducted by our unit. Road laying works, literacy programs, digging and deepening of wells, ponds, Aids awareness campaigns and other activities were conducted by our volunteers. Villages around Nagarjuna Sagar were adopted to execute various works. Chintalathanda, Belamkondvaripalem, Chenchu Colony, Kottur, Pitchaya Bavi Thanda, Khambumpadu and Bramhanandapuram Thanda were selected for special camps. For each special camp under the guidance and leadership of NSS PO and 46 students worked and render the service. Our college unit is recognized as one of the best N.S.S Units by the Acharya Nagarjuna University. The present adopted village of our college is Bramhanandapuram Thanda, (Slum) which is 8 kms away from the college. The main intention of NSS programme give awareness on how to extend our service to volunteers through various activities within the institution. Special Camp Programme:

Under the Special Camp programme we conduct special camps every year with the duration of 7 days of stay in the slum areas. We conducted special camps in our adopted village with the selected 46 volunteers. During the 7 days of the camp our volunteers develop friendly and adjusting attitude, tolerance, and dignity of labour, significance of health, and hygiene inherent skills importance, communicative skills, leadership qualities, personal discipline, society concern. At the same time our students successfully educated the young children and adults in our adopted village about the importance of education, hygiene, sanitation, prevention of child marriages, avoidance of intoxicants, tobacco, superstitions etc.

Apart from Shramadanam in special camp, our volunteers constructed a new bus stop, fencing and cementing around the bore well, laying a new road, clearance of the forest weeds. They also collected the data of the slum area and the problems were sent to the concerned officials for necessary relief. During the camps, group discussion, social awareness and cultural programmes were conducted for the volunteers in the evenings.

The Programme Officer (Dr. SK. Mohammad Basha) has participated in the 178th orientation course (NSS PO Training) organized from 10-11-2014 to 16-11-2014 by the University of Training and Orientation Centre, Andhra University, Vishakhapatnam held at Acharya Nagarjuna University, Guntur.

The NSS concept has taken deep root and has become a regular feature of the college. Curriculum activity was taken up by the students though NSS. Values in life are taught to students to change their attitude towards facing a problem and encourage their will power to come forward and assist others with the motto of NSS “Not Me, But We”. By taking part in NSS programmes, students get weightage in the admission of their higher studies. There is a 3 percent weightage during admission into higher studies. NSS inculcates the qualities of both head and heart, which is one of the essential parts of a holistic dream out of students’ personality.

POPULAR LECTURE PROGRAMMES (PLP)

Another unique feature of this college is regular PLPs to give all round exposure to the students regarding the latest developments and organizing lectures by eminent personalities from various fields to inspire the students. Lectures of young Scientist Award Winners, Magsaysay Award Winners like Prof. Shantha Sinha, Retd. Chief Justices of the Supreme Court like Hon'ble Justice (retd.) Venkata Chalaiah and faculty of Central and even American Universities organized on a

regular basis every year. These activities help in making them enthusiastic and in developing their communication skills, organizational and leadership abilities, command over the subjects etc.

20. EXAMINATIONS AND EVALUATION

The College has adopted the system of valuation based both on Continuous Internal Assessment (C.I.A.) and Semester-End Examination (S.E.E) with a ratio of 25:75.C.I.A. consists of Weekly Tests, Assignments, Seminar/Viva Voce, Mid Semester and Pre-Final Examinations as part of curriculum. C.I.A consists of Practical (laboratory work etc.) too. The student's regularity, as indicated by attendance, will also be taken into account for C.I.A. The S.E.E. will be in the form of comprehensive written examination for each course at the end of the semester and most of the subjects have Practical Examination also. The question papers for practical examinations will be set by external examiners chosen from outside the College by the Universities and answer scripts will also be valued by external examiners.

*$\mathbf{7^{th}}$ paper of each of the domain specific subjects (1st paper of semester VI) will be a domain related Elective. More than one Elective may be offered giving choice to students. The Electives may be of Domain specific applied or advanced (specialization) in nature. The number of Electives may be decided (along with the syllabus) by the University concerned keeping the feasibility of conduct of University examinations in view.

** Applied Elective: It is desirable that around 25% of syllabus is taught by field experts. The college has to make such an arrangement.

*$\mathbf{8^{th}}$paper of each of the domain specific subjects (2nd paper of semester VI) will also be an Elective. The Electives may be of Inter-domain Clusters**- each Cluster having three papers with or without project work. or General in nature. The number of Clusters may be decided (along with the syllabus) by the University concerned keeping the feasibility of conduct of University examinations in view. It is desirable that around 25% of syllabus is taught by field experts.

***Cluster: In the last semester, for paper-8, each domain subject has one elective totaling three papers for each student. Electives may be given as Clusters of three papers each for each subject. A student can opt for all the three papers of the same subject (cluster or stream) including or excluding project work for a wider learning experience. The student will not study the other two domain subjects for paper-8.*

Visionary Gurukul Alumni

Gurukula is an Indian tradition –where the teacher and the student stay and learn together, where the knowledge is free, where the physique is strengthened, character is formed, and the intellect is expanded making the student a perfect human being. To rebuild this tradition in the modern India, Sri P.V. Narasimha Rao, the then education minister of Andhra Pradesh established AP Residential Schools at Sarvail (1971), Tadikonda and Kodigenahalli in 1972 and APRJC in Nagarjuna Sagar at 1975. Fascinated by the excellent performance of Gurukuls, DR. N.T. Rama Rao, when he was the chief minister established 46 schools with 2 schools in each district (one each for Boys & Girls) in 1983 and 3 B.C. Vidyapeeth's in 1987 at Srisailam, Simhachalam and Nagarjuna Sagar. Now the tree of Gurukul is a giant with many branches giving shade and fruits to the society. These Gurukuls were established by Visionary leaders who saw education as a transformational tool not just for the rural poor but also for the society at large. Five decades later, their vision is a grand success with many more schools serving people from different backgrounds and many alumni as leaders and contributors to society. Now, many of us are in a position to contribute back to the schools but unsure of how to make a qualitative contribution. This organization fills that need, as an umbrella organization of all the alumni associations.

About Visionary Gurukul

Several of us were working with our own alma maters in various activities such as student training, coaching for competitive exams. As we got to know each other we realized that we could benefit from each other from reusing the resources, establishing best practices, and expanding the successful programs to other schools. That led to the starting of joint programs such as:

1. Career Counseling Programs
2. Value Education, Personality development sessions
3. CA Foundation Classes
4. Supporting IIT JEE ,NEET
5. Kitchen Garden Development

Encouraged by the overwhelming success of these joint programs, with a strong desire to replicate this success by making it easy for the alumni to participate, we formed a federation of all old students associations of all Gurukul schools and colleges located in Telugu states.

Purpose of Visionary Gurukul

1. To increase the effectiveness of programs by supporting the programs by alumni throughout their life cycle- incubation, trial, expansion, and operations phases.
2. To help the alumni who are unsure of how they can contribute beyond donations by connecting them to programs at various stages that can use their time, skills, and capacity.

How Visionary Gurukul functions

We rely on existing alumni groups. We see our role only as an Enabler- both for the school and each of the alumni.

- Supports establishing alumni association for each school and college
- Strengthen the existing alumni
- Promote brotherhood among different alumni groups of every school and college
- This forum is not a substitute for those groups

Activities of Visionary Gurukul

The organization mainly supplements the formal activities by government to improve the Quality of performance of Gurukul schools and colleges

Specifically we encourage the following kinds of programs:

1. **What cannot be taught in classrooms:** For instance, introduction to various careers can only be done by the people in those careers.
2. **Experimental programs:** Some of the newer pedagogical tools are not yet part of standard curriculums. For instance e-learning programs.
3. **Career exam-oriented programs:** Most schools and colleges are not in a position to train students for career or scholarship exams. They are excellent candidates for our programs.
4. **Overall development programs:** While schools focus on usual subjects, some of the life skills such as cooking, cleaning, speaking, writing, leadership is not taught. We can fill that vacuum.
5. **Programs that take additional resources:** Some programs such as gardening, cleaning, or special training require additional equipment, resources, and know-how. They can only be done with the assistance of alumni organizations.

6. Motivational programs for the teachers at the society level to own the development of their schools.
7. Programs for involving the parents and public in the development of schools.
